Township of Tyendinaga to Terminate Emergency Declaration on March 1, 2022

The Township of Tyendinaga will terminate its Emergency Declaration on March 1, 2022. The decision has been made in consultation with key partners including the County of Hastings.

The Township declared an Emergency on March 26, 2020, in response to the COVID-19 pandemic. In accordance with the Emergency Management and Civil Protection Act, an Emergency Declaration provides the Reeve with the authority to take actions and make orders they consider necessary to protect property and the health, safety, and welfare of Tyendinaga residents.

"While we are still dealing with the impacts of COVID-19, through the efforts of our community doing their part, we have arrived at a time in which the need to operate under an emergency declaration is no longer required," says Reeve Phillips. "As we move forward, we should all remain vigilant and continue to follow public health guidance to keep our community safe.

To date, over 82 per cent of eligible Hastings County residents (ages 5+) are fully vaccinated with a COVID-19 vaccine.
